**Subject:** RE: Request for clarification/further information from State Board of Ethics

Good afternoon Joseph. Below is the response from the MSY Legal Department to Gregory Thibodeaux of the State Board of Ethics.

The drafting and legal administrative process to obtain City Council and City of New Orleans approval of a lease is done by the MSY Legal Department. If there is a default or other contract enforcement required, it is the MSY Legal Department that pursues payment and if necessary, manages the outside counsel hired to implement eviction proceedings. All other aspects of the lease, including lease management, regular collection of rents, and maintenance issues are not handled by the MSY Legal Department.

I hope this answers Gregory's question.

Best regards,  
Steve Gourgues
